Legislative Proviso in SB 161 on TANF and Funding Parents As Teachers

Janice Smith, Executive Director, welcomed everyone to the virtual meeting. She next introduced Colleen Riley, Director of Early Childhood Services, KSDE, who would be presenting a power point on incorporation of TANF dollars into Parents as Teachers for 2017 in response to a legislative proviso in SB 161. Colleen introduced two of her team members: Dean Zajic, State and Federal Fiscal Coordinator and Ryan Weir, Public Service Executive. Ms. Riley talked about the vision, mission and values of the Parents As Teachers program. There are 62,166 families with children birth through 36 months in Kansas and 8,771 families were served in 2015 by PAT. There are 84.3% of Kansas families with children birth through 36 months that are living in a district that currently offers PAT and 16.3% of those families PAT is able to serve with current funding levels. It costs \$69,439,422 to serve all Kansas families with children birth through 36 months. There is the option for eligibility and grandfathering existing families. The recommended funding Means Tested Eligibility for TANF PAT costs \$6,237,635 TANF CIF. Kansas leaves \$10 million dollars in unspent TANF each year. The Cabinet recommended tapping into those dollars. The Cabinet board also agreed to make a recommendation to be submitted to the Governor and the Division of the Budget by April 15, 2016 with implementation taking place July 1, 2016.

The Cabinet supported the idea of the Legislature considering a new proviso to replace the existing one. The existing proviso stipulates that services provided with TANF dollars had to serve families whose income is below 200% of the federal poverty level. The Cabinet had concerns from practitioners that the financial requirement to use TANF funds under this stipulation will cause a disruption of services, thus causing families currently in the program to have services terminated on July 1, 2016. The Cabinet talked about a more targeted approach to services such as led by USDs. The Cabinet agreed that KSDE had done a wonderful job of preparing this information.

MOTION:

It was moved by LeEtta Felter and seconded by Terrie Huntington: That Kansas Children's Cabinet and Trust Fund board adopt Kansas State Department of Education's report received during the meeting, to be sent to the Kansas Governor and to the Division of the Budget. The Kansas Children's Cabinet Board recommended:

- Legislature rescind proviso in SB 161, however, if not removed, the Kansas Children's Cabinet recommends moving forward with the acceptance of the TANF funding option for Means Testing Eligibility (using \$6.2 million dollars of TANF and \$1 million dollars of CIF dollars),
- Kansas Children's Cabinet will explore how to obtain additional TANF money to support Parents As Teachers; KSDE to advise on the amount, and
- Kansas Children's Cabinet will education Kansas Legislature about the universal option for Parents As Teachers. Vote 5-0: Adkins, Cotsoradis, Felter, Huntington, Winn in favor. Motion carried unanimously.

There being no further business for discussion, the meeting was adjourned at 11:40 a.m.

The next regularly scheduled meeting will be Friday, April 22, 2016, 9:30 a.m. and held at the Topeka-Shawnee County Public Library, 1515 SW 10th Avenue in Topeka.
