

KANSAS EARLY CHILDHOOD RECOMMENDATIONS PANEL

Resource Directory
November 2020

This resource directory, compiled by The Children’s Cabinet and Trust Fund Early Childhood Recommendations Panel, is for early childhood professionals. The directory is comprised of councils, committees, and workgroups in our state’s mixed-delivery system. The directory is a fluid document, updated regularly, with overview and contact information.

The aim of this resource is to strengthen relationships among state agencies that implement early childhood care and education programs and those that implement critical components of the infrastructure, including workforce development, higher education, and economic development. (All In For Kansas Kids Strategic Plan: Goal 1; Strategy 1.2.3)

WORKFORCE ADVISORY WORK GROUP

Purpose

Advocate for interests of the early childhood workforce through conversations surrounding quality, continuing education, industry culture, and workforce equity.

Current Priorities

- Research and development of a state-wide Professional Development Registry for Early Childhood shareholders
- Evaluate current Kansas career pathways and core competencies
- Continue to address issues of equity, diversity, and inclusion in the Early Childhood Workforce

GOVERNOR’S BEHAVIORAL HEALTH SERVICES PLANNING COUNCIL’S CHILDREN’S SUBCOMMITTEE

Established by [Kansas Statute 39-1605](#)

Purpose

The Children’s Subcommittee is dedicated to maintaining the community-based family driven values of the Kansas children’s public mental health system of care. The subcommittee makes recommendations to improve the Kansas public mental health system and ensure the needs of children and families are met.

Our mission is to promote integrative, strength based, culturally competent, community based, family driven systems of care, which will result in child and family well-being. Vision Our vision is that all Kansas children and their families will have access to essential, high-quality mental health services.

Priorities

- Identify challenges and barriers in the structure and implementation of mental health services for Kansas children, youth, and their families.
- Reduction of fragmentation within children’s mental health system and across providers of children’s mental health services.
- To promote Best Practices, Emerging Practices, and Evidence Based Practices in Children’s Mental Health.

Membership

Each of the Council's Subcommittees includes at least one member of the council and various other interested stakeholders, including consumers and family members. Behavioral Health Services staff serve as liaisons and support to the subcommittees.

The Subcommittees generate recommendations for the Council, the Secretary of KDADS, and the Governor regarding the Mental Health System of Kansas. Once a year, they report these recommendations to the Council body, as well as the Secretaries of relevant state agencies.

KANSAS PARENTS AS TEACHERS ASSOCIATION (KPATA)

Callie Peace – Executive Director

Purpose

To be a leading force in the support, education and expansion of Kansas Parents as Teachers (PAT) model affiliate programs so that all Kansas children will develop to their fullest potential.

Kansas Parents as Teachers Association (KPATA) advocates for policies that support parents with young children. We help national, state and local decision-makers understand the important role parent education and family support play in a child's development.

Priorities

- KPATA strives to heighten visibility of quality parent education in the state by partnering with policy leadership to ensure positive growth and development of children, support for parents and

effective systems for equitable access to quality early childhood and parent education programs statewide.

- KPATA supports Parents as Teachers model affiliate programs with school districts and within other program delivery systems by facilitating trainings and continuing education opportunities. Additionally, the organization supports the development of quality supervisors and coordinators throughout the state providing opportunities for networking and training.
- KPATA supports the drive towards quality excellence for Parents as Teachers model affiliates in Kansas by supporting Quality Endorsement through Parents as Teachers National Center.

THE CHILDREN'S ALLIANCE

Rachel Marsh - Executive Director

Purpose

The Children's Alliance seeks to drive system-level change to strengthen children and families in Kansas through education, networking, and advocacy. Established in 1954, the association serves as a united voice for providing the highest quality care to children and families involved with child and family services across the state. We engage the experiences and expertise of our private, non-profit members to elevate the needs and voices of children and families in Kansas.

The Children's Alliance leads in training foster parents, kinship families, and biological families in understanding and navigating the child welfare system in Kansas and across the United States. Through the Model Approach to Partnerships in Parenting (MAPP) family of training curriculum, our current pilot with the National Training and Development Curriculum for foster and adoptive parents, and engagement with stakeholders in Kansas and around the country, the Children's Alliance is a leader in training and support for caregivers in the child welfare system.
