Kansas Community Data Dashboard

SARA GARDNER, KU CPPR

KANSAS DATA RESOURCES

All In for Kansas Kids Website – Communities Page

- Child Care Aware of Kansas' **Child Care Data By County** provides point-in-time information about the type, cost, and availability of child care in your county.
- **Kansas Health Matters** provides community health-related statistical data, local resources and gives communities the tools they need to read and understand the public health indicators that affects the quality of lives.
- **The KSDE Data Center** provides Kansas Education Reports including information on buildings, personnel, geographic boundaries, children's nutrition and wellness, and finance.

Research and Data

KANSAS COMMUNITY DATA DASHBOARD

Why?

- Help **you** tell a meaningful data story about the needs in your community around education, health, and care...
 - Grant applications
 - Community Conversations
 - Overall understanding of connection points
- Easily access the latest publicly-available data
- Exportable data elements to improve data literacy

Research and Data

KANSAS COMMUNITY DATA DASHBOARD

What?

- Provides ready-to-share, community-specific data on topics ranging from poverty and employment rates to birth rate trends for every community across Kansas
- Partnership with **mySidewalk** (KC-area) – www.mysidewalk.com
- 20 different indicators drawing from publicly-available data
- You select the geographic boundary you want to see
- Dynamic data points, charts, and graphs – all exportable
- The narrative to help **you** convey the importance of data

**Kansas Community
Data**

KANSAS COMMUNITY DATA DASHBOARD

Key Understandings

- Data is as updated as the source itself
- Select Place, County, or Census Tract for your data story
 - Select up to 2 additional comparison geographies (place, county, census tract)
 - Use overlays to help you make decisions on the geographies you want
- You will get the URL link to your data dashboard in your email inbox – this will always contain the latest data (bookmark it!)
- Dashboard will also have county and statewide comparisons
- 20 indicators divided into 4 categories

How it works

Select one or multiple counties, cities, or census tracts below, use the overlay list to gain community context, then click the **Request Dashboard** button to generate a custom Kansas Community Data Dashboard from mySidewalk. We also encourage you to review this **User Guide**, which walks you through how to interact specifically with the data and provides important details about data limitations. These limitations may influence how you determine to use or share the data.

• **User Guide**

• **Select Geo (map or search bar)**

• **Select Geo Type**

• **Overlay as Insights**

• **Request Dashboard (email information)**
